

Utilities

Electric

The Lakeshore area is served by two municipally owned BPWs, Holland and Zeeland, which serve the majority of businesses in the area. According to a survey conducted by the Lansing Michigan Board of Water and Light in June 2004, the two BPWs were rated as *the second and third lowest cost electric service in Michigan* for large industrial users. Also serving the area is Consumer's Energy and Great Lakes Energy Corporation.

Natural Gas

Ameri Gas, SEMCO Energy Gas Co., and Consumer's Energy all provide the area with natural gas.

Water

Water is provided to the area by the Holland Water Filtration Plant with its intake from Lake Michigan, along with area the governments distributing treated water bought wholesale to their constituents.

Waste Water

Holland Area Wastewater Treatment Plant
Zeeland Clean Water Plant
