

Rebekah deVries

Rebekah deVries joined the Lakeshore Advantage team in 2018 and serves as the Project Manager. In this role, Rebekah focuses on business solutions.

Prior to her current role, Rebekah was a nurse working in both critical care and hospice in the Holland/Zeeland area before deciding to focus her energies fully on her children and work within her children's school, volunteering and now serving as Vice President at Zeeland's iCademy Global where she aided in a record-breaking year for the school in terms of enrollment. When she's not working or volunteering Rebekah loves to enjoy winter in Michigan by traveling with her husband Nick and their four children, Meridith, Isaac, Adeline, and Brayden up north to their cabin where they ski and spend time outdoors. A passionate reader, Rebekah finds time to immerse herself in knowledge through books and podcasts.

Rebekah holds a Bachelor of Science and nursing degree from Trinity Christian College and is a registered nurse.
